

THE SOUTH KENTUCKIAN.

CLAS. M. MEACHAM, EDITOR.

HOPKINSVILLE, KENT., 25, 1891

The editor of the Louisville Democrat says he wants now names. We know several young lady friends in the same fix.

Mr. S. M. Griffin has sold out the Franklin Patriot to Mr. Lewis, of Gallatin, and will quit the journalistic business after a few short months of experience.

We trust our correspondents from Clarksville, Caniz, Cusky and other villages will call things by their right names and cease to speak of those points as cities.

The Mayfield Monitor used one of our pot paragraphs, editorially, last week but spared us the disgrace of being credited as its author. The editor kindly added it for us.

Wm. H. Vanderbilt is said to be the richest man now living or who ever lived. His fortune is estimated at \$125,000,000, and he eats, drinks and sleeps just like the balance of us.

The Trigg Democrat and Crittenden Press both pay their respects to Hawthorne Hill for alleged misrepresentation in his letters to the Louisville Commercial from their counties.

We have received a copy of J. C. Ayer & Co's Almanac for 1891, printed in blue languages and neatly bound in a volume, for which they have our thanks. Of course we have read it through.

Gen. Garfield does not take kindly to the proposition to put Bruce, the Mississippi mulatto, in his cabinet. According to Republican ideas no negro is good enough to vote but not good enough to hold the fat offices.

Sarah Clark, an old negro woman, died at Booneville, Mo., on the 10th inst., aged 126 years. She was the mother of two children, before the revolutionary war, and was by many believed to be older than Miss Susan B. Anthony, or Frank Bristow, of the Elkton Register.

It is said that Gen. Grant smokes imported cigars altogether and that they cost him \$11.25 per week. The most opulent and extravagant editors can't even afford to fumigate to such an extent and have a dead beat, out of a job, like Grant, can stand up under such expenses, in a mystery.

An exchange has found a woman in Montana who has not spoken a word for fifteen years. Her parents in 1865 refused to let her marry the man of her choice and she registered a vow never to speak to a living soul and she has religiously kept the vow. How many husbands would like to trade off their better halves for her!

Miss Selma Fetter made her debut as an actress at Louisville last week as Maryana in Sheridan Knowles' play "The Wife." She is 18 years old very beautiful, and rich and belongs to one of the most aristocratic families of Kentucky. She bids fair to rival Mary Anderson. She carried the house by storm throughout the piece.

We have received a copy of the annual catalogue of Messrs. Nantz & Neuner, florists, Louisville, Ky. These gentlemen are largely engaged in the culture of plants and everything in the way of vegetables and flowers and they will send their price list of seeds etc. free to anyone desiring to make selections from their stock. Address them as above.

Vick's floral guide for 1891 is before us and those who send 10 cents to Jas. Vick, Rochester, N. Y., will receive a very handsome work of 112 pages, and perhaps 600 elegant illustrations with a beautiful colored plate that is worth the price of the book. Send ten cents and get the guide from which to select your flower and vegetable seeds in the spring.

The lock in the Senatorial fight in Tennessee still continues. Savage, the low-tax Democrat, has withdrawn and Bailey, State-credit and Bate, low tax are the leading Democrats, with Maynard gradually losing ground on the Republican side. A dark horse will probably be elected, unless the Democrats continue wrangling till the Republicans slip in one of their men.

The Nashville American thinks there's "luck in leisure" and that the Tennessee Legislature should take its time and elect a good man. Yes, but there is danger in delay. If two or three Democrats should be called away by sickness or anything of the kind, the Republicans would rally and elect Maynard or some other Republican to represent Tennessee in the U. S. Senate for the next six years.

An honest politician has been found and the eighth wonder of the world discovered. Eckley B. Cox, of Lawrence county, Penn., was elected to the State Senate. He rode the osh to be taken by Senators and saw that he must wear that none of his money had been used in his election "for purposes not expressly authorized by law." He had not knowingly used money for such purposes, but he did not know that it had not been so used. He declined to take the oath and a new election was ordered. Fully for Cox! Give him a chromo!

The K. M. News of last week contained an article on "Old Maids." Our advice to the school boy editors of that little sheet is to let old maids severely alone. We remember the time when we plucked into one with our little pen, and experience has taught us that between tackling an old maid and a buzz saw it is infinitely better to choose the latter.

"Straw" is a new illustrated paper of the Truck order comes to our table this week. It is published at Louisville and besides having some excellent cartoons will undertake to publish the pictures of prominent men of the south with short biographical sketches. When our turn comes the editor can drop us a card and the facts and photograph will be forwarded forthwith.

There were 305 weddings in Christian county last year. The Kentuckyian says she is proud of her county in everything but her politics. We sincerely hope the day will come when this single exception will not have to be made.—Lugan Sentinel.

Where did you get the idea that the South Kentuckyian was of the feminine gender? In spite of the matrimonial boom that struck this county last year, the Kentuckyian in all its departments, unfortunately, remains strictly masculine.

The Madisonville Press Meeting.

Last Wednesday afternoon found us at Madisonville and after counting noses the following editors were reported on hand and ready to begin business, in the meeting that had been called for that day: L. W. Coleman and E. L. Starling, Henderson Reporter; C. T. Allen, Princeton Banner; Urey Woodson, Mublenberg Echo; C. W. Bransford, Owensboro Messenger and Examiner; Zeno F. Young, Madisonville Times, and Chas. M. Meacham, of the South Kentuckyian. A grand ball was given the editors at the Belmont Hotel on Wednesday evening. The beauty and chivalry of Madisonville were out and the evening was very pleasantly spent in dancing, talking, love etc. The next morning the meeting was called to order with Capt. C. T. Allen as temporary chairman and Col. E. L. Starling as temporary secretary. A committee on Permanent Organization was appointed and made the following report:

The Committee on Permanent Organization suggested that the Association be called the Western Kentucky Press Association; that L. W. Coleman, of the Henderson Reporter, be elected President; Zeno F. Young, of the Madisonville Times, Vice-President, and C. M. Meacham, of the Hopkinsville Kentuckyian, Secretary. Signed by:

C. W. Bransford, Com.
Urey Woodson, Sec.
C. T. Allen, Sec.
The foregoing report was adopted, and officers elected as suggested. A committee of three was appointed on resolutions and reported the following which were unanimously adopted:

Resolved, That in organizing the Western Kentucky Press Association we do not intend to withdraw from the Kentucky Press Association, but on the contrary, hereby declare our allegiance to said organization and our purpose to maintain our connection therewith.

Resolved, That we deprecate the custom some alleged papers have of clipping from exchanges without giving proper credit; that we consider such a practice both unprofessional and dishonorable, and we pledge ourselves, individually and collectively, to discontinue an exchange with any paper guilty of this reprehensible practice.

Resolved, That we will adhere to our mutual rates in making contracts with advertising agents, printers, medicine men and all outside advertisers, believing that no unjust discriminations should be made against house patrons.

Resolved, That this meeting notices with pleasure the action of several Circuit Courts and of this State in making orders for the publication of sales of property under decrees of court, believing that such action works greatly to the advantage of the parties whose property is sold by giving publicity in such sales.

Resolved, That this meeting adjourn subject to the call of the President, and that the President and Secretary be requested to correspond with the members of the press of Western Kentucky, soliciting their co-operation with this convention, and that the President fix the time and place of the next meeting.

Prot. Kirby, of Lexington was present in behalf of the A and M. College of Kentucky.

Believing the press to be a great co-educator with the schools and colleges of the country, and in order to give more publicity to a matter that is imperfectly known or understood by a majority of people the members of the meeting readily adopted the following in regard to the Agricultural and Mechanical College of Kentucky:

WHEREAS, The State College founded under the act of 1852, and endowed by the general government and the State of Kentucky, is now in successful operation in Lexington; and

WHEREAS, The building now in course of construction and the staff of professors employed afford facilities for the accommodation and education of 500 students; and

WHEREAS, The Legislature enacted a law providing for free tuition in the classical and scientific departments of four beneficiaries from each legislative representative district, and in the Normal school department of four from each county; and

WHEREAS, It is of the utmost importance to our people that the benefits of an institution such as this should be enjoyed to the utmost, that the effort to build up and maintain a college of high order, comprehensive in its course of study, liberal in its management and unobscured in its character should be encouraged and sustained, and especially that it should be made a potent instrumentality in building up our school system by furnishing well qualified and well trained teachers to our common schools.

Resolved, That the Press of Kentucky, always ready to promote whatever tends to the diffusion of intelligence, the development of the resources of the commonwealth and up-building of the legitimate in-

fluences which our people are by their geographical position entitled to wield, welcome the inauguration of an enterprise which makes a good education possible to every industrious youth, and pledge their support in fostering and maintaining by all legitimate means the growth of an institution which in the near future must become an honor to the State and the source of numberless blessings to its people.

The following resolution was offered, and after considerable discussion, referred to the committee on resolutions.

Resolved, That we recommend to brethren of the press the abolition of the editorial "we" by correspondents and contributors.

The following resolution was unanimously adopted:

Resolved, That our thanks are due and are hereby tendered to Mr. Zeno F. Young, the proprietors of the Belmont Hotel and the citizens of Madisonville for the courtesies shown us while in their city.

This concluded the business and the meeting adjourned at noon, subject to the call of the President.

The courtesy with which the visitors were treated by the good people of Madisonville will long be remembered. The proprietors of the new Belmont Hotel opened their doors to them and entertained them in royal style. The hotel is just completed and everything is furnished up in metropolitan style. We feel safe in saying that no town of its size in the State has such a hotel. It is lighted by gas and the parlors and bedrooms are elegantly furnished. Messrs. Morton & Allos the proprietors spare no pains to administer to the wants of their guests and the table is abundantly supplied with the best the market affords. We would advise all our friends who visit Madisonville to stop at the Belmont.

Zeno Young, the genial editor of the Times did much to contribute to the pleasure and enjoyment of the editors, and he will long be remembered by them with grateful feelings. The attendance was not as large as had been hoped but the work begun will not be allowed to end till much good is accomplished. Another meeting will be held at no distant day.

Opening of the Public Schools.

The Public Schools of Hopkinsville will open Monday morning, Jan. 31st. The school will consist of eight grades, four primary and four grammar. The primary grades will occupy the first story and the grammar grades the second story of the school building. Parents are advised not to purchase books for their children until the children are assigned to their proper grades and informed what books are needed. As it will be necessary to examine all pupils in order to ascertain as nearly as possible their proper grades, the children are requested to bring with them the school books used by them when last attending school.

The hour for the opening of the morning session will be 9 o'clock, and the building will be open for the admission of pupils 20 minutes before that time. All the teachers are required to be present in their respective rooms at 8 o'clock. We understand that the series of books adopted by the Board of Trustees is one recommended by the State Board of Education at Frankfort. This series is in use now so extensive in Hopkinsville and vicinity. These books can be obtained at reduced rates at any of the book stores. The rates are fixed and any information concerning them can be furnished by the members of the Board of Trustees.

New Paper to be Started.

Mr. W. J. Blackstock, of Pittsburg, Pa., was in the city last week and made arrangements to start a new paper, Republican in politics, in this city. He expects to get it started by the first of March. We have not learned what it will be called.

New York, Pennsylvania, Ohio, Illinois and Missouri are the leading States in population.

Thos. Blackwell a drummer for the Louisville house of Buckner & Co. found dead in bed at a hotel in this city, Tenn.

HERE AND THERE.

Mr. Shobe is here and wants more mules.

Highest cash prices paid for mules by Shobe & Bro.

It is hard to find men nowadays who voted against the public school question.

The best two-year-old mule in Christian county can be seen at T. L. Smith's livery stable this week.

All who wish to sell mules can have a chance to do so by calling at T. L. Smith's livery stable.

Several new pupils from a distance are expected to enter Bethel Female College this week. The new session is opening with bright prospects.

In answer to the little notice last week we have had more than a dozen names offered to us. This shows the value of advertising. We have bought one.

The Republican paper will be started about the first of March in the rooms on the corner of Main and Court streets. The name of the new sheet has not been announced.

The nineties of John P. Morton & Co for 1881 as usual contains much reading matter of interest to the farmers. Send 10 cents for one to John P. Morton & Co. Louisville, Ky., or get one from your druggist.

We have just received a ton of paper and also have a full and complete stock of job material and we are prepared to do job work in the very best style lower than ever. We invite our friends to call and inspect our stock and give us their orders. We guarantee satisfaction in quality and cheapness of work. Orders by mail promptly attended to.

A dance will be given at the Court-house to-night to which the young people are invited. Good music will be secured and every effort will be made to make the hop a success. Messrs. Ryan and Hagerty are the managers and promise all who attend a good time.

We would like to have a reporter in each of the Colleges in the city, and if the Principals desire it we will give space each week to letters giving any items pertaining to the school that would be of interest to our readers, provided they do not pervert the nature of advertisements.

There is to be a triangular fight in the newspaper business in Hopkinsville. As in the past, we will in the future make politics a secondary object, and strive to give the people the best local paper ever published in the county. We hope to lose none of our old friends but to make a paper that will merit an increasing patronage.

Advertisement inserted in the local news columns will hereafter be charged at double the price of special local—twenty cents per line, hereafter we have charged only sixteen cents per line, but our circulation has largely increased and we feel that it is but just that we charge the same as other papers. Special Locals will be ten cents per line as heretofore.

The debating Society met as usual last Saturday evening. The question for discussion was "whether the expunging resolution of Thos. Benton should have been adopted by the United States Senate." The regular debaters were Messrs. Bule and Breckinridge. Mr. Bule opened the debate with an able argument, which was answered in a neat speech by Mr. Breckinridge. The decision was given in favor of the negative. The question for next Saturday night is, "Should trial by jury be abolished?" Messrs. Knight and Seabree will discuss it. All are invited to come out and hear the discussion. A large attendance is earnestly desired.

CARD FROM JAS. L. WAHL.

It will be remembered that I announced my intention of removing to Birmingham, Alabama, a few weeks since, and advertised my stock of jewelry for sale at cost. In doing this I acted in good faith and fully intended to leave Hopkinsville about the 15th of the present month. However, owing to my failure to get a suitable store room in Birmingham, and for other reasons equally as weighty, I have altered my determination and decided to remain in Hopkinsville. I desire to return my thanks to the people of this section for their very liberal patronage and would respectfully solicit a continuance of the same. I shall keep constantly on hand a select stock of jewelry and will offer it to purchasers at the most reasonable rates.

Repairing of all kinds will be done with neatness and dispatch, and I make engraving my specialty.

Again thanking my friends for past favors and hoping to merit further patronage in the future, I remain,

Very respectfully,

Jas. L. Wahl.

AMUSEMENTS.

Barth Campbell's "Galley Slave" Company will be at Mozart Hall Monday Feb. 7th. The Owensboro Messenger & Examiner pays them this compliment:

"Barth Campbell's great play entitled the 'Galley Slave' was presented by an excellent company at the Grand Opera House last evening. The audience was large and very enthusiastic. The play is of the French society school, admirably conceived and contains many strong situations. It is now too late for a synopsis. Suffice it to say that the play fully met the expectations of the large audience, who manifested their approval in the most pronounced manner. Of the troupe little can be said here in the way of praise. It is one of the most evenly balanced companies that has appeared here this season. Miss L. E. Baine, who played the role of Cicely Baine, a beautiful and pulsating actress, and carried her part well. Miss L. Van Cortlandt, who played the role of the French aristocrat, was both finished and artistic, and in the more passionate scenes she displayed considerable power. The Shilbey Norcott of Mr. W. H. Foster showed plenty of wit and was an actor of much stronger merit, and as Frank Pitts, Mr. John F. Ward couched the house. He is an excellent comedian, and evinced a thorough appreciation of the ridiculous. In due the whole company are first class.

Mr. Rodgers informs us that the Charlotte Thompson company has made an engagement to play here Feb. 17th. Miss Thompson is considered by many the best actress who has ever visited this city.

The Public Schools.

The Public School Board on Thursday evening elected the following teachers. For the higher grade, Miss S. L. Harris, of Louisville; for the lower grades, Miss Anna Kennedy, Mrs. L. A. Patton, Miss Pauline Vaughan, Mrs. Rosa M. Bramham, Miss Patsie White, Mrs. J. B. McKeule and Miss Gerlie Kling. The salaries agreed upon were \$50 per month for the higher grade and \$40 for the lower grades. The higher grade will embrace Latin, Algebra, Chemistry, and such branches. It will be seen that all of the teachers are ladies. We doubt the wisdom of selecting all of them ladies. There are some large boys who have given teachers trouble heretofore, who will probably attend and unless the Superintendent be ubiquitous he will find it difficult to manage the occupants of eight rooms at once. Should the Superintendent get sick or be absent the ladies teachers would no doubt find it very hard to keep them straight. We hope to hear that there will be no trouble of this kind and that the ladies will command the respect of the boys and make them more gentlemanly and refined in their conduct. We have every reason to believe that the school will be a grand success. It will open Monday 31st inst. Prof. Dietrich has had much experience and will undoubtedly prove the right man in the right place.
